The imperfections of this Catalogue—and they are many—are due to various causes: among others, to defects in the College records, failure to ascertain the address of men believed to be living, and an indifference or unwillingness to answer appeals for information. It was a quixotic attempt, the effort to give even the briefest sketches of non-graduates, as the President's Record does not begin till 1827, and after that date is not without omissions. We possess but one annual catalogue between 1800 and 1823, and but two between that date and 1833. The names of non-graduates from 1806 to 1817 were recovered from President Sanders' class-lists, preserved (apparently) by the Treasurer. The fire of 1824 may be chargeable with the loss of the College files up to that date, but does not account for the lack of later documents. This issue will serve, it is hoped, as a check-list and basis for a proper Historical Catalogue. Much of the detailed information gathered is reserved for use by the next editor, or as material to be used in occasional notices, or in the Obituary Record.

No doubt many errors and omissions will be detected by those who consult these pages. It will be safe to say in advance, that we have "the very best authority" for many of them. It is asked as a favor, that all errors be promptly and fully reported.

For much time and thought expended in gathering the data respecting such as left the University before reaching a degree, the Compiler is indebted to the Rev. S. L. Bates (1857).

Correspondence in regard to corrections, &c., may be addressed to

J. E. GOODRICH, Burlington, Vt.

NOTE

Degrees *with dates*, if no other institution is named, were conferred by the University of Vermont.

A star (*) prefixed to a person's name indicates his decease; attached to a date, it denotes the year of his death.

A Key to the Abbreviations used will be given at the end of the Catalogue.

x75 indicates a non-graduate of the class of 1875

Other Abbreviations, it is hoped, will be self-explanatory. A capital letter often refers to the town last named; M HS, e. g. stands for High School in the town of M.

The material presented has mostly been arranged in this order:—1, Name; 2, Degrees; 3, *Address, if living, in italics;* 4, Place and Date of birth (and death); 5, Fitting school; 6, Home when a student; 7, Brief Life-record; 8, College honors; 9, Publications; 10, Relationship to other alumni.

After (6) in non-graduate lists from 1872, ls 72-75, e. g., shows the Course pursued and the period (sometimes approximate only) of college residence.

To defects in the records is due the fact that lists of non-graduates are lacking from 1818 to 1823. And for other years on either side of this period they are supposed to be incomplete. See p. 2 for a partial explanation.

The omission of the figures 18 in most dates of the last century should cause no trouble, as the dates 1800-05 do not occur where they can be mistaken for 1900-05.

In the case of later classes especially the names have been inserted of not a few who had no very solid claim to a place even among non-graduates. The next Editor will very likely see fit to omit some of these names on account of their brief and slight connection with the University.

Since 1886 the degree of A. M. has been conferred on graduates of the University only upon examination and after the prosecution of a prescribed course of study.

By an oversight a few names omitted because of their slight connection with the University were caught up in tne Index of Non-Graduates. *Dele* these names: Burns, Campbell, Carpenter E G, Davison, Dean H H, Fisher E, Fiske J, Fletcher W, Foster S W, Haynes B, Holcombe, Hotchkiss J M, Kalousdian, Knowlson, Landon A F, Linehan, McWilliams, Payne, Peltekian, Roberts, Stafford, Storrs, White A N, Wilson M E.
